

Medicine 2.0

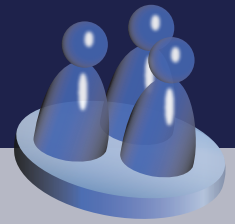

Toronto, Canada
September 4 - 5, 2008

www.medicine20congress.com

Schedule

Thursday, September 4, 2008

8:30 AM - 9:00 AM

MaRS Auditorium

Breakfast/Registration

9:00 AM - 9:30 AM

MaRS Auditorium

Opening Talks

Greetings from the International Medical Informatics Association (IMIA), and CHIRAD, Peter J. Murray, IMIA Vice President for Strategic Planning

Welcome from the Conference Chair

Gunther Eysenbach, Senior Scientist, Centre for Global eHealth Innovation, Toronto; Editor/Publisher, Journal of Medical Internet Research (JMIR)

9:30 AM - 10:00 AM

MaRS Auditorium

Building virtual communities and social networking applications for health professionals

Pat Rich, Director CMA Online Content, *Canadian Medical Association (CMA)*

"Asklepios: The CMA's new social networking site for Canadian physicians"

(Practice)

10:00 AM - 10:30 AM

MaRS Auditorium

Building virtual communities and social networking applications for patients and consumers

Jeana Frost, *PatientsLikeMe*

Michael Massagli, *PatientsLikeMe*

"Social uses of personal health information within PatientsLikeMe™, an online patient community: What can happen when patients have access to one another's data"

(Research)

10:30 AM - 11:00 AM

MaRS Auditorium

Break with Refreshments + Poster Viewing

11:00 AM - 12:30 PM

MaRS Auditorium

Blogs

Neil Seeman, School of Health Services Management, Ryerson University, IBM Healthcare

"Inside the Health Blogosphere: Governance, Quality and the New Opinion Leaders"

(Research)

Bertalan Mesko, University of Debrecen, Debrecen, Hungary

Jennifer McCabe Gorman, Health 2.0/NextHealth; Keith J Kaplan; Sam Solomon; Peter Murray

"Medical Bloggers Panel"

(Practice)

11:00 AM - 12:30 PM

MaRS CR2

Consumer empowerment, patient-physician relationship, and sociotechnical issues

Chair: Derek Hansen

Shannon Hughes, School of Social Work Florida International University, Miami, FL, USA

David Cohen, School of Social Work Florida International University, Miami, FL, USA

"The Construction of Expertise in the Age of the Internet: Psychotropic Drug Knowledge in Consumer-Constructed Online Spaces"

(General)

Peter Pennefather, Leslie Dan Faculty of Pharmacy, University of Toronto, Toronto ON, Canada

West Suhanic, Leslie Dan Faculty of Pharmacy, University of Toronto, Toronto, ON Canada

"BioTiff: Articulating Self-Documenting Personal Health Digital Information Artefacts"

(Developers)

Robert Verheij, Neth. Inst. for Health Services Research (NIVEL)

Carmen Ton

Kiek Bates, Neth. Inst. for Health Services Research (NIVEL)

"Hesitative Introduction of E-mail consultations in General Practice"

(Research)

Holly Witteman, Human Factors, Mechanical and Industrial Engineering; Health Care, Technology and Place, University of Toronto, Toronto, Canada

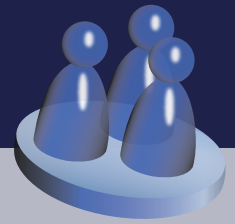

Laura O'Grady, Health Policy, Management and Evaluation, Faculty of Medicine; Centre for Global eHealth Innovation; Health Care, Technology and Place, University of Toronto, Toronto, Canada

"Not every site needs a wiki: A conceptual framework for health Websites"

(Research)

Schedule

Thursday, September 4, 2008

11:00 AM - 12:30 PM

MaRS CR3

Web 2.0 approaches for behaviour change, public health and biosurveillance

Chair: Joan Dzenowagis

Michael W. Allen, Medical School, U of MN, Minneapolis, USA

Edward Allan Murphy

David O. Wiebers

Charles P. Bosmajian, Jr.

Will Thalheimer

Julie Dirksen

"Preventive Medicine and the Allen Behavioral Change Model: A Collaboration for Health Behavior Change Using Web-based Interventions"

(Business)

Christin Bexelius, Department of Medical Epidemiology and Biostatistics, Karolinska Institutet, Stockholm, Sweden

Jan-Eric Litton, Department of Medical Epidemiology and Biostatistics, Karolinska Institutet, Stockholm, Sweden

"E-epidemiology – adapting epidemiological data collection to the 21st century"

(General)

Jason Bonander, Centers for Disease Control and Prevention, Atlanta, GA USA

"Personally Tailored Health Information: A Health 2.0 Approach"

(General)

Taha Kass-Hout, Assistant Professor, Emory University, Department of Biostatistics and Bioinformatics, Atlanta, GA, USA. INSTEDD, Director of Health Informatics, Palo Alto, CA, USA

"Biosurveillance 2.0: A Social Networking Approach"

(General)

12:30 PM - 1:30 PM

MaRS Auditorium

Lunch

1:30 PM - 3:00 PM

MaRS Auditorium

Building virtual communities and social networking applications for patients and consumers

Chair: Carol Bond

Judy Proudfoot, Black Dog Institute, University of New South Wales, Sydney, Australia

"Expert Patients as Apomediaris"

(Research)

Toomas Timpka, Department of Computer Science, Linköping University, Sweden

Johnny Ludvigsson, Department of Pediatrics, Linköping University, Sweden

Henrik Eriksson, Department of Computer Science, Linköping University, Sweden

Joakim Ekberg, Department of Computer Science, Linköping University, Sweden

Lena Hanberger, Department of Pediatrics, Linköping University, Sweden

Sam Nordfeldt, Department of Pediatrics, Linköping University, Sweden

"Web 2.0 systems supporting childhood chronic disease management: a general architecture compliant with the WHA eHealth Resolution"

(Research)

Sara Urowitz, Oncology Education, Princess Margaret Hospital, University Health Network, Toronto, Canada

"From Social Networks to Social Medicine: Exploring the role of online interventions"

(Research)

1:30 PM - 2:30 PM

MaRS CR2

Digital Learning

Chair: Margaret Hansen

Leanne Bowler, School of Information Sciences, University of Pittsburgh

"Where can teens find health information? A survey of web portals designed for teen health information seekers"

(Practice)

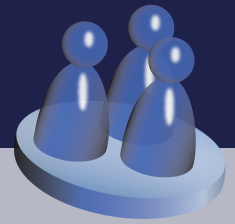

Margaret Hansen, School of Nursing, University of San Francisco, USA

"Versatile, Immersive, Creative and Dynamic Virtual 3-D Healthcare Learning"

(Research)

Schedule

Thursday, September 4, 2008

1:30 PM - 3:00 PM

MaRS CR3

Portal, eHealth

Chair: Peter Murray

Handy Amin, Active Health Management, Health Promotion Board, Singapore

Andy Tan, Active Health Management, Health Promotion Board, Singapore

Ping Ping Tan, Chief Information Officer's Office, Health Promotion Board, Singapore

Sau Chan Low, Chief Information Officer's Office, Health Promotion Board, Singapore

Shyamala Thilagaratnam, Active Health Management, Health Promotion Board, Singapore

"Planning the Development of the Singapore National Health Portal"

(Practice)

Jason Aprile, OntarioMD, Toronto, Canada

"Providing Online Access to Point-of-Care Information: Lessons from the OntarioMD.ca Physician Portal"

(Business)

Grant Cumming, NHS Grampian Scotland; University of Aberdeen

Andrew Fowlie, NHS Grampian

Adrian Baker, NHS Highland

Thomas Heneghan, NHS Grampian

Neil Hamilton, University of Aberdeen

Stefan Agamanolis

"e-health in a Remote and Rural Setting in the North of Scotland- An Evolving Success Story"

(Practice)

Jaime Jiménez Pernet, Andalusian School of Public Health, Granada, Spain

Jose Francisco García Gutiérrez, Andalusian School of Public Health, Granada, Spain

Pablo Martínez Cabrero, Andalusian School of Public Health, Granada, Spain

Sergio Minué Lorenzo, Andalusian School of Public Health, Granada, Spain

"Knowledge Exchange Nodes in Public Health: Two successful practical experiences"

(Practice)

3:00 PM - 3:30 PM

MaRS Auditorium

Break with Refreshments

3:30 PM - 5:00 PM

MaRS Auditorium

Building virtual communities and social networking applications for patients and consumers

Chair: Judy Proudfoot

Dorrit Billman, Stanford CSLI and Palo Alto Research Corp

Diane Schiano, Palo Alto Research Corp

Lee Gugerty, Clemson, Psychology

"Patient Problem-Solving on the Web: How do Patients Use Web Forums to Cope with Chronic Disease?"

(Research)

Neil Coulson, University of Nottingham

"Living with HIV/AIDS and use of online support groups"

(Research)

Trevor Van Mierlo, No University Affiliation, V-CC Systems Inc. (Toronto, Canada); V-CC Systems USA Inc. (San Francisco, USA)

Peter Selby Mbbs, Ccfp, Centre for Addiction and Mental Health, University of Toronto, Ontario Tobacco Research Unit

Danielle Parent (rn), None (V-CC Systems Inc)

John Cunningham, Phd, Centre for Addition and Mental Health, University of Toronto

"Moderated online social networking for smokers: Content of first posts from 2,562 members"

(General)

Cornelia Van Uden-Kraan, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands.

Constance Drossaert, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands.

Erik Taal, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands.

Erwin Seydel, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands.

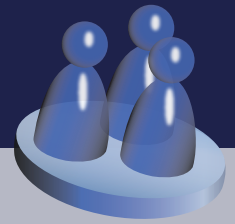

Mart Van De Laar, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands.

"Patient-initiated Online Support Groups: Motives for Initiation, Extent of Success and Success Factors"

(Research)

Schedule

Thursday, September 4, 2008

3:30 PM - 5:00 PM

MaRS CR2

Wikis

Chair: Benjamin Hughes

Saulo Bortolon, Dept. Informatics, UFES, Vitoria, Brazil

Roberta Gomes, Dept. Informatics, UFES, Brazil

Mariella Berger,

Hilario Seibel Jr., CEFETES, Serra, ES.

"Using Wiki for a Large Medical Nomenclature Translation"

(General)

Derek Hansen, College of Information Studies, University of Maryland, College Park, USA

Sean Munson, School of Information, University of Michigan, Ann Arbor, USA

"Patient-Driven Content Creation: Effectively Introducing Wiki Repositories to Virtual Support Communities"

(Research)

Aviv Shachak, Faculty of Information Studies; Health Policy, Management and Evaluation, University of Toronto

Jamie Meuser, Department of Family and Community Medicine, University of Toronto

Tupper Bean, Centre for Effective Practice, Department of Family and Community Medicine, University of Toronto

Stephen Hockama, Faculty of Information Studies, University of Toronto

Lena Salach, Centre for Effective Practice, Department of Family and Community Medicine, University of Toronto

Noah Ivers, Department of Family and Community Medicine, University of Toronto

Michael Evans, Department of Family and Community Medicine, University of Toronto

"Collaborative Knowledge Translation: Application of a Wiki Model for Primary Care Practitioners"

(Research)

3:30 PM - 5:00 PM

MaRS CR3

Web2.0-based medical education and learning

Chair: Chris Paton

Panagiotis Bamidis, Medical School, Aristotle University of Thessaloniki, Thessaloniki, Greece

Stathis Constantinidis, Medical School, Aristotle University of Thessaloniki, Thessaloniki, Greece

Eleni Kaldoudi, Medical School, Democritus University of Thrace, Alexandroupolis, Greece

Nicos Maglaveras, Medical School, Aristotle University of Thessaloniki, Thessaloniki, Greece

Costas Pappas, Medical School, Aristotle University of Thessaloniki, Thessaloniki, Greece

"The use of Web 2.0 in teaching Medical Informatics to postgraduate medical students: first experiences"

(Research)

Deirdre Bonnycastle, College of Medicine, University of Saskatchewan

"Medicine 2.0 and Medical Faculty Development"

(Practice)

Bertalan Mesko, University of Debrecen, Debrecen, Hungary

"Medical education and building an on-line reputation in the world of web 2.0"

(Practice)

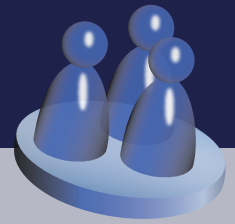

Rod Ward, University of the West of England, Bristol, UK

"The potential and challenges of Web 2.0 in the education of healthcare professionals."

(General)

Schedule

Friday, September 5, 2008

8:30 AM - 9:00 AM

MaRS Auditorium

Breakfast/Registration

9:00 AM - 10:30 AM

MaRS Auditorium

Panel

Judy Proudfoot, Black Dog Institute, University of New South Wales, Sydney, Australia, Lisa Whitehead, Centre for Postgraduate Nursing Studies, University of Otago, Christchurch, New Zealand, Caryl Barnes, School of Psychiatry, University of New South Wales, Sydney, Australia, Britt Klein, Faculty of Life and Social Sciences, Swinburne University, Melbourne, Australia

"Methodological Issues and Challenges in eHealth Research Panel"

(Research)

9:00 AM - 10:30 AM

MaRS CR2

eHealth

Chair: Khaled El-Emam

Irmajean Bajnok, Toronto

"RNAO eChampion Program"

(Practice)

Dominic Covey, WIHIR, University of Waterloo, Waterloo, Canada

"Representing and Processing Dynamic Healthcare Workflow"

(Research)

Michael Martineau, MED2020 Health Care Software Inc., Ottawa, Ontario, Canada

"Consumers are not Patient(s)"

(Business)

Edoardo Narduzzi, TechEdge, Rome, Italy

"MyOpenCare: Multicontent treatment paths to share medical knowledge and experience"

(Business)

9:00 AM - 10:30 AM

MaRS CR3

Collaborative biomedical research, academic / scholarly communication, publishing and peer review

Chair: Neil Seeman

Allan Barclay, Ebling Library, University of Wisconsin-Madison, Madison, WI, USA

Rebecca Holz, Ebling Library, University of Wisconsin-Madison, Madison, WI, USA

"Development of an RSS-based Current Awareness Service"

(General)

Øystein Eiring, Norwegian Electronic Health Library, National Knowledge Center for the Health Services, Oslo, Norway

Runar Eggen, Norwegian Electronic Health Library, National Knowledge Center for the Health Services, Oslo, Norway

Magne Nylenna, Norwegian Electronic Health Library, National Knowledge Center for the Health Services, Oslo, Norway

"Implementation of Web 2.0-services in the Norwegian Electronic Health Library"

(Practice)

Moshe Pritsker, JoVE (www.jove.com)

"Online video-publication for biological research"

(Business)

10:30 AM - 11:00 AM

MaRS Auditorium

Break with Refreshments

11:00 AM - 12:30 PM

MaRS Auditorium

Consumer empowerment, patient-physician relationship, and sociotechnical issues

Chair: Holly Witteman

Luis Fernandez Luque, NORUT AS, Norway

Ignacio Basagoiti, ITACA-TSB Research Institute, Technical University of Valencia (Spain)

Elin Johnsen, Norwegian Center of Telemedicine (Norway)

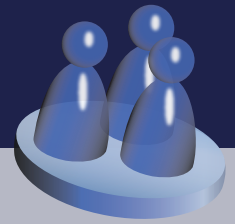

Randi Karlsen, Department of Computer Science, University of Tromsø (Norway)

"Study of the ePatient as a provider of health content in the Internet"

(Research)

Schedule

Friday, September 5, 2008

Joanne Mayoh, Health Informatics: Bournemouth University
"Will the development of Web 2.0 technology result in a preference for quantity over quality?"
(Practice)

Sheryl Mitchell, Women's College Hospital
"Women Wading Through the Web: providing women with the tools to evaluate online health information"
(Practice)

Cornelia Van Uden-Kraan, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands
Constance Drossaert, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands
Erik Taal, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands
Erwin Seydel, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands
Mart Van De Laar, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands
"Empowerment by Participation in Online Support Groups for Patients with Arthritis, Fibromyalgia and Breast Cancer"
(Research)

11:00 AM - 12:30 PM

MaRS CR2
Personal health records and Patient portals
Chair: Michael Martineau
Miguel Cabrer, eHealth Advisor
Francisco Tous, IBIT Institute - Balearic Government
Debora Martinez, IBIT Institute - Balearic Government
Pedro Ferriol, IBIT Institute - Balearic Government
"Virtual Health Platform"
(Business)

Deborah Chan, University Health Network
Selina Brudnicki, Shared Information Management Services
"InfoWell Patient Portal: A Case of Patient-Centred Design"
(Practice)

Zach Landis Lewis, Department of Biomedical Informatics, University of Pittsburgh, Pittsburgh, USA
Gerald Douglas, Department of Biomedical Informatics, University of Pittsburgh, Pittsburgh, USA
Valerie Monaco, Department of Biomedical Informatics, University of Pittsburgh, Pittsburgh, USA
"Measuring Efficiency of Use in a Web-based EMR Developed for Malawi: Lessons Learned From Performing a Preliminary CogTool Analysis"
(Research)

Barbara Purin, Bruno Kessler Foundation (FBK), Trento, Italy
Emiliano Ricci, Bruno Kessler Foundation (FBK), Trento, Italy
"User-centered Design of a PHR: Traditional Web Forms vs. Wizard Forms"
(Research)

11:00 AM - 12:30 PM

MaRS CR3
Building virtual communities and social networking applications for health professionals
Chair: Suzanne Dickerson
Carol S Bond, Bournemouth University
"Stop The World wide web I Want To Get Off."
(Research)

Shirley Fenton, WIHIR, University of Waterloo, Waterloo, Canada
Dominic Covey, WIHIR, University of Waterloo, Waterloo, Canada
"Creating and Supporting a Community of Practice"
(Developers)
Chris Paton, Health Informatics Programme, Department of Information Science, University of Otago, Dunedin, New Zealand
"New Media Medicine: A Social Network for Doctors and Medical Students"
(Business)

Ken Seto, OntarioMD.ca
"Facilitating Online Collaboration and Communication: A Groups Approach"
(Practice)

12:30 PM - 1:30 PM

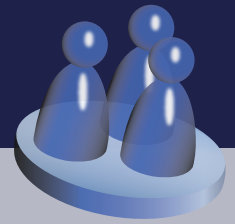

MaRS Auditorium
Lunch

1:30 PM - 3:00 PM

MaRS Auditorium
Consumer empowerment, patient-physician relationship, and sociotechnical issues
Chair: Peter Pennefather
Dafna Carr, Cancer Care Ontario
Steve Hall, Cancer Care Ontario
"Using Technology to Engage Patients and Clinicians in Electronic Cancer Symptom Assessment and Management: Lessons Learned and Implications for Practice"
(Practice)

Schedule

Friday, September 5, 2008

Suzanne Dickerson, School of Nursing University at Buffalo, Buffalo, NY
Grace Dean, School of Nursing, University at Buffalo
"Developing of a web-based application to facilitate patient treatment adherence in individuals with sleep apnea treated with Continuous Positive Airway Pressure (CPAP) devices."
(Research)

Matic Meglic, UP PINT, Koper, Slovenia
"Web and mobile solution for support of process of care: case of depression"
(Research)

Nicol Nijland, Department of Psychology and Communication of Health and Risk, Faculty of Behavioural Sciences, University of Twente
Lisette Van Gemert-Pijnen, Department of Psychology and Communication of Health and Risk, Faculty of Behavioural Sciences, University of Twente
Saskia Kelders, Department of Psychology and Communication of Health and Risk, Faculty of Behavioural Sciences, University of Twente
Bart Brandenburg, Medicinof
Erwin Seydel, Department of Psychology and Communication of Health and Risk, Faculty of Behavioural Sciences, University of Twente
"Evaluation of the use of an interactive web-based support program for optimizing the management of Diabetes Mellitus"
(Research)

1:30 PM - 3:00 PM

MaRS CR2

Semantic Web ("Web 3.0"), Open Source

Chair: Aviv Shachak

Julio Lorca, Fundacion para la eSalud-FESALUD, Malaga, Spain
Francisco J Alcazar, Consejeria de Innovacion, Ciencia y Empresa, Andalusian Government, Malaga, Spain
Carlos L Sanchez, Consejeria de Innovacion, Ciencia y Empresa, Andalusian Government, Malaga, Spain
Miguel Romero-Cuevas, Fundacion para la eSalud-FESALUD, Malaga, Spain
Diego L Lopez, eHealth Competence Center, Regensburg, Germany
Sergio Ruiz, Revista eSalud, Spain
Pedro Garcia-Forteza, Fundacion para la eSalud-FESALUD, Malaga, Spain
"PESCA: Developing an Open Source Platform To Bring eHealth To Latin America and the Caribbean"
(Research)

Jen McCabe Gorman, N/A
Maarten Den Braber, University of Twente, Healthcare Technology and Management
"Nexthealth" - An Open-Source, Web-Based Tool Determining "What's Next" in the Evolution of Consumer-Centric Care Delivery"
(Practice)

Charalampos Bratsas, Lab of Medical Informatics, Medical Faculty, Aristotle University, Thessaloniki, Greece
Panagiotis D Bamidis, Lab of Medical Informatics, Medical Faculty, Aristotle University, Thessaloniki, Greece
Evangelos Kaimakamis, Lab of Medical Informatics, Medical Faculty, Aristotle University, Thessaloniki, Greece
Nicos Maglaveras, Lab of Medical Informatics, Medical Faculty, Aristotle University, Thessaloniki, Greece
"Usage of Semantic Web Technologies (Web-3.0) Aiming to Facilitate the Utilisation of Computerized Algorithmic Medicine in Clinical Practice"
(Research)

1:30 PM - 3:00 PM

MaRS CR3

Web 2.0 approaches for clinical practice, clinical research, quality monitoring

Chair: Trevor van Mierlo

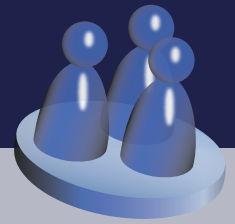

Hughes Benjamin, dept of information systems, ESADE, Barcelona, Spain
Indra Joshi, North and East Hertfordshire PCT Trust
Hugh Lemonde, Department of paediatrics, King George Hospital, London
"To 2.0 or not to 2.0 - have junior doctors already answered the question?"
(Research)

Miguel Cabrer, eHealth Advisor
"MDPIX: The Global Medical Images Repository"
(Practice)

Marcelino Cabrera Giraldez, Institute for Prospective Technological Studies (Joint Research Centre, European Commission)
José Antonio Valverde, IPTS
Dolores Ibarreta, IPTS
"The potential of social computing for biomedical research on rare diseases"
(Research)

Schedule

Friday, September 5, 2008

Chris Paton, Health Informatics Programme, Department of Information Science, University of Otago, Dunedin, New Zealand
Muzaffar Malik, Health Informatics Programme, Department of Information Science, University of Otago, Dunedin, New Zealand
Alec Holt, Health Informatics Programme, Department of Information Science, University of Otago, Dunedin, New Zealand

"Mobile Medicine 2.0"

(Research)

3:00 PM - 3:30 PM

MaRS Auditorium

Break with Refreshments

3:30 PM - 4:30 PM

MaRS Auditorium

Ethical & legal issues, confidentiality and privacy

Joan Dzenowagis, World Health Organization, Geneva, Switzerland
Shubhabrata Roy, Microsoft Corporation; London
Kevin Clauson, Pharmacy Practice, Nova Southeastern University, Florida

"Risk 2.0: The future of connected health (Panel)"

(General)

4:30 PM - 5:00 PM

MaRS Auditorium

Closing Session

With Physician 2.0 Award, sponsored by Medting, presented by Denise Silber from Basil Strategies

Poster Presentations

Posters should be mounted by poster presenters on Thursday Sept 4 (starting at 8:30am), and taken down by Friday Sept 5, after the last coffee break (3:30pm). Poster presenters should be at their posters on Thursday during the first coffee break (10:30-11 am) for discussions.

P1. Clara Bermúdez-Tamayo, Spain; Jaime Jiménez-Pernett, Andalusian School of Public Health; Jose Francisco García-Gutierrez

Using Web 2.0. tools on health Websites in Spanish

P2. Jaime Escallon, Toronto, Canada; Adriana Fonseca

Email Communication Between Physicians and Patients.

P3. Lena Hanberger, Diabetes Research Centre, Linköping University Hospital, Sweden; Nordfeldt Sam, Diabetes Research Centre, Linköping University Hospital, Sweden; Larsson Anders, Dept. of Computer and Information Science, Linköping University, Sweden

Information search behaviours in a controlled study of a web portal for young diabetes type 1 patients and their parents

P4. Maria Inmaculada Grau, Hospital Clinic de Barcelona; Joan Gene-Badia, CAPSE-Universitat de Barcelona; Encarnacion Sanchez Freire, Fundacio Clinic per a la Recerca Biomedica; Miguel Bernardo, Hospital Clinic de Barcelona-Universitat de Barcelona

Is www.forumclinic.org an electronic support groups for patients with chronic illnesses?

P5. Saskia M. Kelders, University of Twente; Nicol Nijland, University of Twente; Marieke S. Beld, University of Twente; Julia E.W.C. Van Gemert-Pijnen, University of Twente; Mariët Theune, University of Twente; Bart Brandenburg, Medicinfo; Erwin R. Seydel, University of Twente

Using usability-tests to improve language match of a web-based system for digital triage in primary care

P6. Veronica Law, Graduate Department of Rehabilitation Science, University of Toronto

Internet Use among Occupational Therapists in Their Clinical Practice

P7. Nordfeldt Sam, Diabetes Research Centre, Linköping University Hospital; Hanberger Lena, Diabetes Research Centre, Linköping University Hospital; Timpka Toomas; Nordqvist Cecilia

Health professionals' attitudes toward using an Internet portal for child and adolescent diabetes care

P8. Cornelia van Uden-Kraan, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands; Constance Drossaert, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands; Erik Taal, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands; Erwin Seydel, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands; Mart van de Laar, Institute for Behavioural Research, University of Twente, Enschede, The Netherlands

Determinants of engagement in face-to-face and online patient support groups

P9. Robert Verheij, Neth. Inst. for Health Services Research (NIVEL); Lea Jabaaïj, Neth. Inst. for Health Services Research (NIVEL); Khing Njoo, Dutch College of General Practitioners (NHG); Henk van den Hoogen, Centre for Quality of Care Research (WOK); Dinny de Bakker, Neth. Inst. for Health Services Research (NIVEL)

The EMR-scan: Assessing the Quality of Electronic Medical Records in General Practice

Schedule at a Glance

Thursday, September 4, 2008

		Auditorium	CR-2	CR-3
8:30-9:00 am	Breakfast & Registration			
9:00-10:30 am	Plenary	Opening Talks Social Networks for doctors (CMA) and consumers (PatientsLikeMe)		
10:30-11:00 am	Break with Poster Viewings			
11:00-12:30 pm	Parallel Sessions	Blogs	Consumer Empowerment	Public Health
12:30-1:30 pm	Lunch			
1:30-3:00 pm	Parallel Sessions	Social Networks: Consumers	Digital Learning (1:30-2:30)	Portals, eHealth
3:00-3:30 pm	Break			
3:30-5:00 pm	Parallel Sessions	Social Networks: Consumers	Wikis	Medical Education

Friday, September 5th, 2008

		Auditorium	CR-2	CR-3
8:30-9:00 am	Breakfast & Registration			
9:00-10:30 am	Parallel Sessions	Research Panel	eHealth	Scholarly Communication
10:30-11:00 am	Break with Poster Viewings			
11:00-12:30 pm	Parallel Sessions	Consumer Empowerment	PHR/Patient Portals	Social Networks: Professionals
12:30-1:30 pm	Lunch			
1:30-3:00 pm	Parallel Sessions	Consumer Empowerment	Web 3.0, Open Source	Clinical Practice
3:00-3:30 pm	Break	Risk 2.0: Future of connected health (Panel)		
3:30-5:00 pm	Plenary
